

Walkover University

About Walkover

Walkover is a product based IT startup located in Indore, Central India.

Our vision is to build meaningful products that make business processes intuitive while conducting ourselves in an environmentally sustainable manner.

About program

We are launching the Walkover University Program for all the aspiring tech heads. The program involves a 5 week training+assessment module for 100 selected.

Process:

- **Week 1:** Speed typing + clean coding + Git (Branching/Version Control)
- **Week 2:** Data modeling + ER diagram
- **Week 3:** SQL/NoSQL
- **Week 4:** html/css
- **Week 5:** Cloud + Deployment + Basic presentation + projects (based on skills learnt)

Perks:

- Paid internship opportunities for the selected students
- PPO opportunities after internship based on the performance
- Certificates/ badges on completion of every weekly assessment
- Training certificate on completion of 5 weeks
